

TO: Bismarck-Mandan Metropolitan Planning Organization Policy Board

FROM: Rachel Lukaszewski, MPO Executive Director

DATE: June 13, 2022

RE: Policy Board Meeting

There will be a meeting of the Bismarck-Mandan MPO Policy Board on **Tuesday, June 21, 2022, at 1:30 PM.** The meeting will be held in the Tom Baker Meeting Room of the City/County Office Building at 221 N. 5th Street, Bismarck, ND. The agenda is outlined below.

The City of Bismarck and Policy Board members are encouraging citizens to provide their comments for public hearing items on the Bismarck-Mandan MPO Policy Board agenda via email to mpo@bismarcknd.gov. Please include which item number your comment references. It will be sent to the members, as well as placed with the minutes. To ensure your comments are received prior to the meeting, please submit them by 5:00 pm 1 business day prior to the meeting. If you would like to participate via video or audio link for a 3-5 minute comment on a regular agenda public hearing item, please provide your name, agenda item and e-mail address to the above e-mail at least 3 days before the meeting.

Many of the 5 (five) Policy Board members will attend this meeting remotely. **Policy Board members and those presenting at the meeting will receive ZOOM invites approximately 1 business day prior to the meeting. Individuals wishing to participate via ZOOM should email contact information to mpo@bismarcknd.gov at least 3 days in advance of the meeting to receive a meeting invite tailored uniquely to them.**

As always, live meeting coverage is available on Government Access Channels 2 & 602HD, Radio Access at 102.5 FM Radio, or stream FreeTv.org and RadioAccess.org. Agenda items can be found online at [MPO Policy Board](http://MPOPolicyBoard).

AGENDA

1. MINUTES
Review and Possible Approval of Minutes from May 17, 2022 Meeting 3
2. 2022-2025 TRANSPORTATION IMPROVEMENT PROGRAM AMENDMENT
Public Hearing: 2022-2025 TIP Amendment – Stephen Larson, MPO
McKenzie Drive Interchange Project, Amendment (Exhibit A) 11
Updated 2022-2025 TIP Program of Projects (Exhibit B) 13
ACTION ITEM: 2022-2025 TIP Amendment
3. 2025-2050 MTP/TDMSE UPDATE – Rachel Lukaszewski, MPO
ACTION ITEM: MTP/TDMSE Consultant Approval
4. RESOLUTION OF SUPPORT FOR BIS-MAN TRANSIT’S PUBLIC TRANSPORTATION AGENCY SAFETY PLAN (PTASP) – Stephen Larson, MPO
Resolution of Support (Exhibit C) 15
ACTION ITEM: Resolution of Support for PTASP
5. BISMARCK-MANDAN MPO SELF-CERTIFICATION – Stephen Larson, MPO
Self-Certification (Exhibit D) 17
ACTION ITEM: BMMPO Self-Certification

6. EAST MAIN AVENUE CORRIDOR STUDY – Scott Harmstead, SRF
Progress Report (Exhibit E) 27
 7. SUNSET DRIVE CORRIDOR STUDY – Kim Riepl, MPO
 8. TRANSPORTATION ALTERNATIVES (TA) FY2024 AND FY2025 SOLICITATION – Kim Riepl, MPO
 9. ROADWAY PROJECTS – All Jurisdictions
 10. OTHER BUSINESS
 11. ADJOURNMENT
-

Next scheduled Policy Board meeting is on 07/19/2022. Please call 701-355-1852 with questions. Any individual requiring special accommodations to allow access or participation at the meeting is asked to notify ADA Coordinator, Bismarck-Mandan MPO, PO Box 5503, Bismarck, ND 58506-5503 or complete and submit the Request for Reasonable Accommodations form at <http://www.bismarcknd.gov/DocumentCenter/View/23201> at least five (5) days prior to the meeting.

**BISMARCK-MANDAN METROPOLITAN PLANNING ORGANIZATION
POLICY BOARD MEETING
MAY 17, 2022**

The Bismarck-Mandan Metropolitan Planning Organization (MPO) Policy Board met on May 17, 2022, at 1:30 p.m. in the Tom Baker Meeting Room, City/County Office Building, 221 N. 5th Street, Bismarck, ND. Vice-Chair Tim Helbling presided.

Members present or participating via Zoom were Steve Bakken, Kathleen Jones, and Tim Helbling. Members absent were Gerald Wise and Andy Zachmeier.

Others present or attending via Zoom were Rachel Drewlow and Kim Riepl of the Bismarck-Mandan MPO; Sara Schmidt, SRF Consulting; and Beth Dooley, SEH.

CALL TO ORDER

Chair Wise called the May 17, 2022 meeting of the Bismarck-Mandan Metropolitan Planning Organization Policy Board to order.

MINUTES

Vice-Chair Helbling called for a motion to approve the minutes of the April 19, 2022 Regular Meeting of the Policy Board.

MOTION: Mr. Bakken made a motion to approve the minutes of the April Regular Meeting. Ms. Jones seconded the motion and with Steve Bakken, Kathleen Jones, and Vice-Chair Helbling voting in favor, the minutes of the April 19, 2022 Regular Meeting were approved.

**2022-2025 TRANSPORTATION IMPROVEMENT PROGRAM (TIP)
AMENDMENTS**

Ms. Riepl said the MPO advertised four TIP Amendments for the required 15-day comment period, and no public comments were received. A public hearing was also held at TAC yesterday on the first two amendments, Exhibits A and B, and no public comments were received. The last two amendments (Exhibits C and D) were received by the MPO the day after publication of the first two amendments, and so a public hearing must be held at today's Policy Board meeting before they can be approved. Ms. Riepl proceeded to present a brief overview of Exhibits C and D.

The third amendment, Exhibit C, is to add a project for the performance of Preliminary Engineering (PE) work for the future reconstruction of the Sunset Drive Interchange in Mandan. The funding year for the PE portion of this project is 2022, and the costs on the amendment form are solely for the PE and design work for the project. It is consistent with the MTP, specifically goals 1A and 3B. The fourth amendment, Exhibit D, is to add a project for NDDOT to perform a planning study on I-94 Midway and Grant Marsh Bridge. The study will examine the feasibility of replacing the Grant Marsh Bridge. The funding year for this project is 2022, and the amendment form costs are solely for the PE work that needs to be done to prepare for this study. The project is consistent with the MTP, specifically goal 2A.

Public Hearing: Vice-Chair Helbling opened the public hearing for comments on the proposed 2022-2025 TIP amendments, specifically Exhibits C and D. Hearing and seeing no comments, Vice-Chair Helbling closed the public hearing.

Ms. Riepl gave a brief overview of the remaining TIP Amendments. The first amendment, Exhibit A, is a Mandan reconstruction project on 8th Ave NW from Old Red Trail to 27th St NW, and on 27th St NW from Hwy 1806 to 8th Ave NW. The amendment addresses the addition of 8th Ave NW to the project extents and increases the cost of the project as noted on the amendment form. The second amendment, Exhibit B, is for a thin overlay to be performed on Highway 1804 from N Hazelton Juncture to Signal St. The amendment moves the project from funding year 2023 to 2022, while all other project details remain unchanged. Both projects are consistent with the MTP.

MOTION: Ms. Jones made a motion to approve the 2022-2025 TIP Amendments as presented. Mr. Bakken seconded the motion, and with Steve Bakken, Kathleen Jones, and Vice-Chair Helbling voting in favor, the motion was approved.

SUNSET DRIVE CORRIDOR STUDY

Ms. Riepl said this item was tabled at the April Policy Board meeting and is being brought to the board today with new information for Policy Board's consideration. The Sunset Drive Corridor Study is a transportation analysis of the corridor from Division St on the southern side to 38th St NW on the northern side. The RFP for the study, which has a \$180,000 budget, was approved in February. Two proposals were received for the study, and interviews were held March 31. The Selection Committee, with representatives from the City of Mandan, Bis-Man Transit, and the MPO, promoted KLJ as the top-ranked consultant for the Sunset Drive Corridor Study. TAC recommended approval of KLJ unanimously in April. However, at Policy Board's April meeting, Mayor Helbling expressed lack of support for moving forward with KLJ, citing examples from a recent project KLJ completed in Mandan. Mayor Helbling expressed a desire to promote the other proposing consultant for the study, since the interview scoring was very close.

At the time, the MPO expressed uncertainty about its authority to select the second-ranked consultant, since NDDOT requires a Qualifications Based Selection (QBS) process to be followed. Commissioner Jones then made a motion to table the matter until May to allow the MPO to investigate available options and consult with NDDOT. Conversations were then held with NDDOT. They indicated the QBS process would not allow another consultant to arbitrarily assigned as the top-ranked consultant. NDDOT recommended the source of Mandan's dissatisfaction be identified and addressed to allow the process to move forward. A meeting was held between City of Mandan, KLJ and MPO representatives. Mandan's concerns were discussed, and methods to ensure the Sunset Drive Corridor Study will be conducted in a fashion Mandan could fully support were emphasized. The meeting concluded with the agreement to bring KLJ back for consideration at the May Policy Board meeting, with TAC's recommendation still in effect. MPO staff recommends approval of KLJ as the selected candidate for the study.

Mr. Helbling said the meeting with KLJ was very productive and he feels his concerns were addressed in a satisfactory manner.

MOTION: Mr. Bakken made a motion to approve KLJ as the Sunset Drive Corridor Study Consultant, as presented. Ms. Jones seconded the motion, and with Steve Bakken, Kathleen Jones, and Vice-Chair Helbling voting in favor, the motion was approved.

TRAFFIC DATA ACQUISITION

Ms. Drewlow presented on this item. She explained MPO staff, together with City of Bismarck and City of Mandan staff, held interviews for the Traffic Data Acquisition on April 21. Two firms (Quality Counts and Traffic Data Solutions or TDS) were interviewed, and the Selection Committee promoted TDS as the preferred consultant to complete this project. A letter certifying the MPO's compliance with the QBS process in selecting TDS is included in the packet for reference. TAC recommended approval of TDS for the Traffic Data Acquisition, and MPO staff supports this recommendation.

MOTION: Ms. Jones made a motion to approve TDS as the Traffic Data Acquisition Consultant, as presented. Mr. Bakken seconded the motion, and with Steve Bakken, Kathleen Jones, and Vice-Chair Helbling voting in favor, the motion was approved.

2021-2022 UPWP AMENDMENT

Ms. Drewlow referred to Exhibit G in the packet. She said the Advanced Traffic Analysis Center (ATAC) approached the City of Bismarck Engineering Department to perform a Pilot Project for Signalized Intersections Traffic Data Collection. ATAC has already carried out this Pilot Project in both Fargo and Grand Forks. This Pilot Project would look at six intersections in Bismarck and utilize the existing cameras at those intersections to collect traffic counts. ATAC would then connect these intersections to their existing Traffic Analysis Tool Website, which could be shared with City and County Engineers, as well as the public. This project needs to be amended into the 2022 UPWP budget year, and it carries a total cost of \$30,386.

MOTION: Mr. Bakken made a motion to approve the 2021-2022 UPWP Amendment as presented. Ms. Jones seconded the motion, and with Steve Bakken, Kathleen Jones, and Vice-Chair Helbling voting in favor, the motion was approved.

ATAC MASTER AGREEMENT UPDATE

Ms. Drewlow referred to Exhibit H, which is a follow up item to the UPWP Amendment just approved. Exhibit H is an addendum to the Master Agreement the MPO has with ATAC, and it details the scope of work ATAC will perform for the Pilot Project, as well as the associated costs. Addendums to the ATAC Master Agreement are necessary whenever ATAC is called upon to perform additional work for the MPO, beyond their usual contracted amount.

MOTION: Ms. Jones made a motion to approve the ATAC Addendum as presented. Mr. Bakken seconded the motion, and with Steve Bakken, Kathleen Jones, and Vice-Chair Helbling voting in favor, the motion was approved.

CITY OF LINCOLN RECREATIONAL TRAILS PROGRAM (RTP) APPLICATION

Ms. Riepl referred to Exhibit I in the packet. She explained the City of Lincoln is applying for Fiscal Year 2023 funding through the RTP. The solicitation for this funding closed April 30, and the Lincoln Park District was the only entity to submit a project to the MPO. The RTP provides federal funding for both motorized and non-motorized trail projects. It is an 80/20 matching grant program administered by the North Dakota Parks and Recreation District (NDPRD). RTP projects within the MPO area need to be submitted to the MPO for approval before being forwarded to NDPRD.

Ms. Riepl explained Lincoln's project is for phase I of their extension of the 66th Street Shared Use Path. The project consists of a new ten-foot asphalt path on the west side of 66th Street, connecting to the existing path at 66th Street and Lincoln Road, and then extending north approximately 1,500 linear feet to the existing crosswalk at Dolan Drive. The project is anticipated to begin in May of 2023 and to be completed in July of that year. The total cost of the project is \$261,700, and the Lincoln Park District is requesting \$209,360 in federal funding, while they provide the remainder in local share. MPO staff reviewed this application against the goals and objectives of the MTP, and the project aligns specifically with MTP goals 1A, 1B, 2C, and 5C. This project was previously submitted and approved by the MPO in 2021, however it was not selected for funding at that time. TAC recommended approval of this application to be forwarded to NDPRD.

MOTION: Mr. Bakken made a motion to approve the City of Lincoln's RTP Application as presented. Ms. Jones seconded the motion, and with Steve Bakken, Kathleen Jones, and Vice-Chair Helbling voting in favor, the motion was approved.

MPO STAFF REQUEST TO NEGOTIATE CONTRACT CHANGES

Ms. Drewlow reminded the board the MPO has been using a template contract for negotiations with consultants for transportation studies and data acquisitions. Ms. Drewlow believes the template works well for transportation studies, but it has proved less useful for data acquisitions, especially if a license or subscription purchase is involved. She spoke with City of Bismarck Attorney Jannelle Combs, and Ms. Combs recommended the MPO start following a process used by the City of Bismarck. Instead of having an overall contract template approved by TAC and Policy Board, this process would allow MPO staff to negotiate changes to the template contract on a case-by-case basis, provided the changes were first approved by the City of Bismarck and NDDOT. The City of Bismarck review would include Ms. Combs.

Ms. Drewlow concluded by saying she is following through on the recommendation of Ms. Combs and requesting the MPO be allowed to adjust the template contract as needed. If major changes were needed, the MPO may bring the template contract as a whole back to the boards for approval.

MOTION: Ms. Jones made a motion to approve MPO Staff's Request to Negotiate Contract Changes, as presented. Mr. Bakken seconded the motion, and with Steve Bakken, Kathleen Jones, and Vice-Chair Helbling voting in favor, the motion was approved.

POPULATION-BASED COST SHARES FOR MPO JURISDICTIONS

Ms. Drewlow referred to Exhibit K for this item. It is a memo describing a potential change to the division of local share between the jurisdictions when all five MPO jurisdictions are participating in a transportation study or data acquisition (and the costs are shared out by MPO area population). The current division is based on the population numbers from the 2010 Census. The 2020 Census has given the MPO updated population numbers to you in these cost shares. The changes would be very minor, all within .2%. TAC recommended tabling this item for the time being, however, because there is potential for the MPO's Urbanized Area (UZA) boundary to change. The Census is expected to release new UZA boundaries sometime this summer, and this could in turn impact the MPO boundary and perhaps have minor impacts on MPO population numbers. MPO staff also recommends tabling this item until the Census provides the new UZA boundaries.

MOTION: Mr. Bakken made a motion to approve tabling the Population-Based Cost Shares Update per TAC's recommendation. Ms. Jones seconded the motion, and with Steve Bakken, Kathleen Jones, and Vice-Chair Helbling voting in favor, the motion was approved.

EAST MAIN AVENUE CORRIDOR STUDY UPDATE

Ms. Schmidt provided a study update for SRF. The first Study Review Committee meeting was held on April 21. Existing conditions, historical traffic data, and parallel routes were discussed at the meeting. The meeting also looked at historical growth along the corridor and did a preliminary crash analysis and a preliminary access inventory. Since the meeting, SRF went on site in early May to collect traffic, pedestrian, and bicycle turning movements. SRF also completed pulse counts at the access points along East Main Avenue. ATAC has completed their initial forecast model for the corridor, and SRF is reviewing it. Finally, SRF will shortly begin working on the Existing Conditions Memo and the Issues and Needs Memo, while also working on setting dates for public meetings for the study.

ORIGIN-DESTINATION DATA ACQUISITION (STREETLIGHT)

Ms. Drewlow referred to Exhibit M in the packet for the QBS letter certifying the MPO's compliance with QBS processes in procuring the Origin-Destination (OD) Data from Streetlight. Since the data is under \$50,000, the MPO used a three-quotes procurement process to select Streetlight as the provider for the data. This data will assist the MPO in calibrating its Transportation Demand Model (TDM). The MPO provides the QBS letter to Policy Board for notification purposes only. NDDOT will review the letter and the MPO's QBS process before approving the MPO's contract with Streetlight.

BIKE-PED SUBCOMMITTEE UPDATE

Ms. Riepl said the Bike-Ped Subcommittee convened for its spring meeting on May 11. Members discussed their Active Transportation activities, and the fact that May is National Bike Month. Mr. Ehreth, City of Bismarck Community Development Director, provided some good information to members about the existing bicycle facilities in Bismarck. It was agreed the subcommittee will meet quarterly, and a plan was adopted for a two-tier review of Transportation Alternatives (TA) applications. However, this new review system may not be able to be applied this year, as the MPO was notified after the meeting of some changes coming to the TA program.

Ms. Riepl explained the new infrastructure bill has brought additional funding and changes to the TA program, making it necessary for NDDOT to revise its policies and guidance for TA applications. NDDOT notified local jurisdictions who applied in 2021 for Fiscal Year 2025 TA funding of a need for them to re-submit their 2021 applications with updated cost estimates and any additional pertinent information. Local jurisdictions are also being encouraged to submit any new TA projects they would like funded for NDDOT's consideration. The re-submitted applications, plus any new applications, will all be considered for FY 2024 dollars. Submitting agencies do not need to designate a funding year on their applications. The details are still being worked out, but NDDOT wants to make sure every application possible can be considered. The funding cap for both rural (\$200,000) and urban (\$290,000) TA applications has been lifted for this year, so applicants can seek 80% federal funds beyond those thresholds.

Ms. Riepl said the MPO sent out solicitation letters for the TA projects to its local jurisdictions on May 13. The letters detail the TA program changes, and all applications should be submitted to the MPO by July 15. The timeline to return them to NDDOT is accelerated this year, as NDDOT is currently requesting applications by August 19. This solicitation replaces the TA solicitation jurisdictions normally expect in September. The MPO and NDDOT will provide more details as they are available.

Mr. Bakken asked what kinds of projects NDDOT is looking for with this solicitation, so anyone with a potential project can reach out to them or to the MPO. Ms. Riepl said any trails accommodating either motorized or non-motorized traffic are eligible for funding. Recreational trails are a particular focus.

Ms. Jones asked how far into the Extra Territorial Area (ETA) around Bismarck the MPO reaches. Ms. Riepl said the MPO area encompasses the entirety of the ETA and extends into portions of Burleigh County. Ms. Jones said she asked because River Road is often used as a bicycle path during the summer months. She knows the road itself cannot be expanded, but she believes Bismarck Parks received money some years ago for a path along River Road. The path goes about two miles north of Bismarck limits and then stops. She wonders if a project on this path would qualify for a TA application, since bicycle and four-wheeler traffic on River Road can be challenging during the summer. Ms. Riepl said she can research this further. She also mentioned the TA solicitation was sent to the Burleigh County Engineer. Ms. Jones said she will talk to him and follow up with Ms. Riepl further.

ADJOURNMENT

There being no further business, Vice-Chair Helbling declared the meeting adjourned at 2:08 p.m.

The next scheduled meeting will take place June 21, 2022, at 1:30 p.m. in the Tom Baker Meeting Room in City/County Office Building, 221 N 5th Street, Bismarck.

Respectfully submitted,

Stephen Larson
Recording Secretary

APPROVED:

MPO Policy Board Chair

TIP **Amendment**

Project Year(s)

Entity	Project	Federal	State	Local	Total	Federal Funding Source
NDDOT	22.6.22	\$535,500 (old) \$670,372 (new)	\$59,500 (old) \$74,486 (new)	\$0	\$595,000 (old) \$744,858 (new)	HEN

Project Description:

This safety project is for the installation of wrong way detection systems. One such installation will occur at a Fargo location and one will occur on the McKenzie Drive Interchange in the Bismarck-Mandan MPO area. This amendment addresses an increased cost estimate for the project. The costs shown are for the entire project; an estimate for the MPO area is not yet available. The project has a PCN of 23378.

Consistency with the
Bismarck-Mandan MPO
Metropolitan
Transportation Plan:

This project is currently in the TIP and is therefore consistent with the Arrive 2045 MTP.

Amendment Approved on _____ by the Bismarck-Mandan MPO Policy Board

* Represents an "Expansion" project. An expansion project is focused on improving traffic flow through efforts such as: adding through lanes or turn lanes, new streetlights, upgrading an intersection to a roundabout or new/improved interchanges.

* Pending Availability of Federal Funds

* Projects are funded in 2022 but will be constructed in 2023

* Projects are funded in 2021, but are constructed in 2022. Projects are not included in the expense report.

* Project area is larger than the MPO area. Costs have not been provided.

Resolution of Support

For Bis-Man Transit's Public Transportation Agency Safety Plan

Whereas, the Federal Transit Administration established the Public Transportation Agency Safety Plan (PTASP) rule (49 CFR Part 673) requiring Transit Operators to develop a PTASP plan; and

Whereas, the PTASP outlines strategies to minimize unsafe situations that may be experienced by users and operators of public transportation and outlines a Transit Operator's safety performance measures and targets; and

Whereas, the Bis-Man Transit Board in May 2022 adopted the NDDOT State Safety Plan and targets to serve as their PTASP for 2022-2023; and

Whereas, the Bismarck-Mandan Metropolitan Planning Organization endorses and supports the Safety Performance Targets outlined in Bis-Man Transit's adopted PTASP.

Now, therefore, be it resolved, that the Bismarck-Mandan Metropolitan Planning Organization supports Bis-Man Transit's PTASP and will program investments which contribute toward the accomplishment of the following performance targets:

[Transit] Safety Performance Measures							
1. Fatalities - total number and rate per total VRM							
2. Injuries -Total number and rate per total Vehicle Revenue Miles (VRM)							
3. Safety Events - Total number and rate per total VRM							
4. System Reliability- Mean distance between major mechanical failures							
<i>Targets for transit agencies should be based on a review of the previous 5 years safety performance data.</i>							
[Transit] Safety Performance Targets:							
Mode of Transit Service	Fatalities (total)	Fatalities (per 100 thousand VRM)	Injuries (total)	Injuries (per 100 thousand VRM)	Safety Events (total)	Safety Events (per 100 thousand VRM)	System Reliability (VRM/ failures)
Fixed Route Bus	0	0	5 or less	0.2	7 or less	0.28	10,000
ADA/ Paratransit	0	0	1 or less	0.1	1 or less	0.1	70,000

CERTIFICATE

The undersigned, duly elected chairperson of the Bismarck-Mandan Metropolitan Planning Organization Policy Board, certifies that the forgoing is true and correct copy of a Resolution, adopted at a legally convened meeting of the Bismarck-Mandan Metropolitan Planning Organization Policy Board held on June 21, 2022.

Gerard Wise,
Chair, Bismarck-Mandan MPO Policy Board

Date

May 26, 2022

TO: Bis-Man Transit Board of Directors

FROM: Deidre Hughes, Executive Director

SUBJECT: Recommendation to approve safety plan targets for July 1, 2022, to June 30, 2023

RECOMMENDATION: Staff recommends that the Bis-Man Transit Board of Directors approve the Safety Plan targets for July 1, 2022, to June 30, 2023, as presented.

BACKGROUND: The FTA requires that all transit agencies review safety targets within their safety plan annually. This review is due by June 30th of each year. The Board of Directors approved the full safety plan in November of 2020. All content and targets remain the same for this reporting period. NDDOT was contacted regarding target setting and agrees with Bis-Man Transit Staff that targets may remain the same.

Proposed targets are pictured below.

7.3 Targets

Measuring safety performance metrics includes targets or goal we strive to accomplish. The following lists are the targets set for Bis-Man Transit in accordance with the North Dakota Department of Transportation targets.

Mode of Transit Service	Fatalities (total)	Fatalities (per 100 thousand VRM)	Injuries (total)	Injuries (per 100 thousand VRM)	Safety Events (total)	Safety Events (per 100 thousand VRM)	System Reliability (VRM/failures)
Fixed Route Bus	0	0	5 or less	0.2	7 or less	0.28	10,000
ADA/ Paratransit	0	0	1 or less	0.1	1 or less	0.1	70,000

Metropolitan Transportation Planning Process Self-Certification

Updated June 2022

Bismarck-Mandan Metropolitan Planning Organization (BMMPO) Self Certification

23 United States Code (U.S.C.) 450.336 requires Metropolitan Planning Organizations to regularly certify that their planning process is being carried out in accordance with applicable requirements; also, that the planning process supports the development of a comprehensive Metropolitan Transportation Plan (MTP) and a Transportation Improvement Program (TIP) that are consistent concerning the following applicable federal regulations:

23 U.S.C. 134, 49 U.S.C. 5303, and this subpart, which reference the operations and functions of Metropolitan Planning Organizations

Evaluation of the BMMPO's processes, which generally considers the items identified in 23 U.S.C. 134 and 49 U.S.C. 5303, is performed cooperatively by the Federal Highway Administration (FHWA), the Federal Transit Administration (FTA), and the North Dakota Department of Transportation (NDDOT) through the Mid-Year Review process. The Mid-Year Review process, conducted on an annual basis, examines items pertaining to the operations and functions of the BMMPO including: Policies; Definitions; General Requirements; Metropolitan Planning Area Boundaries; MPO Consultation in MTP and TIP Coordination; Scope of Planning Process; Development of Transportation Plan; Metropolitan TIP; and Transportation Management Areas.

The last Mid-Year Review occurred in June 2021. Additionally, FHWA and NDDOT completed a comprehensive Financial Review of the BMMPO in 2015 and the NDDOT subsequently conducted a financial audit in December 2016. And finally, NDDOT audits each submittal by the BMMPO for reimbursement from the Consolidated Planning Grant to ensure fiscal compliance. Through these reviews and audits, it has been determined the BMMPO's processes remain consistent with the aforementioned federal regulations.

In nonattainment and maintenance areas, Sections 174 and 176 (c) and (d) of the Clean Air Act, as amended (42 U.S.C. 7504, 7506 (c) and (d)) and 40 CFR part 93

The Clean Air Act, designed to control air pollution on a national level, is administered by the US Environmental Protection Agency (EPA), in coordination with state, local, and tribal governments. The EPA has authorized the North Dakota Department of Environmental Quality (NDDEQ) to administer the article under North Dakota Century Code for the state of North Dakota. It is the responsibility of the NDDEQ to protect human health, welfare, and property through the regulation of air quality standards and emission regulations set forth in the State Implementation Plan.

"Nonattainment and maintenance" areas are defined by the State Implementation Plan. These are areas which have been identified as having ambient air quality which have exceeded the levels allowed by the State of North Dakota (NDCC 33-15-02) or by the National Ambient Air Quality Standards (NAAQS). The BMMPO Metropolitan Planning Area (MPA) is not identified as

a “nonattainment and maintenance” area. Because it may also be considered an “attainment” area within the current State Implementation Plan, this section is not applicable to the BMMPO MPA.

Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 CFR part 21

“No person in the United States shall, on the grounds of race, color or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.”

The BMMPO’s Title VI and Non-Discrimination/ADA Plan provides policies prohibiting discrimination on the basis of race, color, or national origin. The Title VI and Non-Discrimination/ADA Plan also includes a Limited English Proficiency Plan.

Additionally, the BMMPO also includes appropriate FTA Federal Clauses and “Title VI Assurances”, which contain language prohibiting discrimination of groups identified in the Civil Rights Act of 1964, within all of the Request for Proposals (RFPs) and contracts for all studies solicited by BMMPO.

Finally, the BMMPOs current Public Participation Plan requires the evaluation of adverse impacts through MPO activities to “Environmental Justice” groups including low income and minority populations. The BMMPO maintains maps with high concentrations of minority and elderly populations for consideration in planning and programming activities. These maps are provided in the Title VI and Non-Discrimination/ADA Plan, the MTP (updated every five years), and the TIP (updated annually).

49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity

The BMMPO is subject to the City of Bismarck’s policies related to prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age regarding employment and employment opportunities. The City of Bismarck is an Equal Opportunity Employer and therefore does not discriminate on the basis of race, color, national origin, sex, religion, or disability in employment or the provision of services and complies with the provisions of the North Dakota Human Rights Act.

In addition, the BMMPO’s Title VI and Non-Discrimination/ADA Plan provides policies prohibiting discrimination on the basis of race, color, or national origin and also includes an updated Limited English Proficiency Plan.

Furthermore, the BMMPO’s current Public Participation Plan requires the evaluation of adverse impacts through BMMPO activities to “Environmental Justice” groups including low income and minority populations. The BMMPO maintains maps with high concentrations of minority and elderly populations for

consideration in planning and programming activities, and these maps are included in the Title VI and Non-Discrimination/ADA Plan, the MTP (updated every five years), and the TIP (updated annually).

Finally, the BMMPO includes appropriate FTA Federal Clauses and “Title VI Assurances”, which contain language prohibiting discrimination of groups identified in the Civil Rights Act of 1964, within all of the Request for Proposals (RFPs) and contracts for all studies solicited by the BMMPO.

Section 11101(e) of the Infrastructure Investment and Jobs Act or IIJA (Pub. L. 117-58) and 49 CFR part 26 regarding the involvement of Disadvantaged Business Enterprises (DBE) in USDOT funded projects

The DBE program generally seeks to: ensure nondiscrimination in the award and administration of DOT assisted contracts in the Department’s highway, transit, and airport financial assistance programs; create a level playing field on which DBEs can compete fairly for DOT-assisted contracts; ensure that the Department’s DBE program is narrowly tailored in accordance with applicable law; ensure that only firms that fully meet this part’s eligibility standards are permitted to participate as DBE’s; help remove barriers to the participation of DBEs in DOT-assisted contracts; assist the development of firms that can compete successfully in the marketplace outside the DBE program; and provide appropriate flexibility to recipients of Federal financial assistance in establishing and providing opportunities for DBEs.

The expenses anticipated in the 2022-2025 Transportation Improvement Program (TIP) are transportation projects which NDDOT approves and participates in. These projects will conform to the North Dakota Department of Transportation DBE-Minority Business Enterprises (MBE) involvement process. The BMMPO must report on registered DBE consultants and sub-consultants who have applied for BMMPO projects through the Request for Proposal (RFP) process to the NDDOT through the Title VI and Non-Discrimination process. In addition, Disadvantaged Business Enterprise language is included in all BMMPO contracts which identifies the Department of Transportation Policy (related to DBEs) as well as the obligation of the contractor to make appropriate efforts to involve DBEs if the contractor is not a DBE.

23 CFR part 230, regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts

The BMMPO is subject to the City of Bismarck’s policies related to prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age regarding employment and employment opportunities. The City of Bismarck is an Equal Opportunity Employer and therefore does not discriminate on the basis of race, color, national origin, sex, religion, or disability in employment or the provision of services and complies with the provisions of the North Dakota Human Rights Act.

Additionally, the BMMPO includes Appendix A and Appendix E of the Title VI Assurances, which contain equal employment opportunity requirements, within each of the Request for Proposals (RFPs) and contracts for studies solicited by BMMPO.

The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR parts 27, 37, and 38

“No otherwise qualified individual with a disability in the United States shall, solely by reason of his or her disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance”. The parts further provide minimum guidelines and requirements for accessibility standards for transportation vehicles required to be accessible by the Americans With Disabilities Act (ADA) of 1990.

BMMPO is committed to ensuring all its programs, activities, and services are accessible to people with disabilities. BMMPO’s Public Participation Plan identifies responsiveness activities to individuals with special needs. Specifically, the document states, *“All public notices will offer the provision of special accommodations or auxiliary aids for those needing such assistance. Upon request by individuals with special needs, the MPO will work with local resources to provide them with information in the format best suited for their request. Meeting facilities should be accessible to mobility impaired individuals and meetings should be scheduled at various times to accommodate various work schedules. Arrangements for assistance to people with any disability will be pursued.”*

BMMPO holds all its public meetings, open houses, Technical Advisory Committee meetings, and Policy Board meetings in ADA-compliant facilities and in locations generally considered served by public transportation. Additionally, all public notices and meeting agendas contain contact information for individuals requesting reasonable accommodations to participate in any BMMPO meeting.

BMMPO does not own the building in which its offices are housed, but rather, rents the office space. The building is, however, ADA accessible, and provides parking and automatic doors for mobility impaired individuals, curb ramps, and an ADA accessible elevator to access BMMPO offices.

BMMPO’s Title VI and Non-Discrimination/ADA Plan provides additional resources for the request of reasonable accommodations by individuals with special needs. BMMPO is subject to the City of Bismarck’s ADA Transition Plan, and BMMPO’s Title VI and Non-Discrimination/ADA Plan identifies the ADA Coordinator, who is the City of Bismarck Human Resources Director, and provides information by which they may be contacted. It also provides methods for individuals to request reasonable accommodations, auxiliary aids, or services to ensure communications with applicants, participants, and members of the public with disabilities are as effective as communications with others.

Furthermore, BMMPO's Title VI and Non-Discrimination/ADA Plan is subject to an annual internal audit to ensure all activities and programs administered by BMMPO comply with the requirements of the Americans With Disabilities Act (ADA) of 1990.

The Older Americans Act, as amended (42 U.S.C. 6101), prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance

BMMPO is sensitive to the needs of elderly persons. BMMPO's Public Participation Plan identifies responsiveness activities to individuals with special needs. Specifically, the document states, *"All public notices will offer the provision of special accommodations or auxiliary aids for those needing such assistance. Upon request by individuals with special needs, the MPO will work with local resources to provide them with information in the format best suited for their request. Meeting facilities should be accessible to mobility impaired individuals and meetings should be scheduled at various times to accommodate various work schedules. Arrangements for assistance to people with any disability will be pursued."*

BMMPO also maintains maps identifying concentrations of elderly individuals for consideration in planning and programming activities. These maps are provided in the Title VI and Non-Discrimination/ADA Plan, the MTP (updated every five years), and the TIP (updated annually).

Section 324 of title 23 U.S.C. regarding the prohibition of discrimination based on gender

This section states that, "no person shall on the ground of sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal assistance under this title or carried on under this title".

The section further states that, "this provision will be enforced through agency provisions and rules similar to those already established, with respect to racial and other discrimination, under Title VI of the Civil Rights Act of 1964".

It is the policy of BMMPO to ensure no individual is excluded from or be denied the benefits of any of its programs, activities, or services, based on gender.

BMMPO's Title VI and Non-Discrimination/ADA Plan identifies rules related to racial and other discrimination. Further, BMMPO includes Appendix A and Appendix E of the Title VI Assurances, which contain language prohibiting discrimination based on gender, within each of the Request for Proposals (RFPs) and contracts for all studies solicited by BMMPO.

Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 CFR part 27 regarding discrimination against individuals with disabilities

This section states, in part, "No otherwise qualified individual with a disability in

the United States...shall, solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance ...”

BMMPO is committed to ensuring all its programs, activities, and services are accessible to people with disabilities. BMMPO’s Public Participation Plan identifies responsiveness activities to individuals with special needs. Specifically, the document states, *“All public notices will offer the provision of special accommodations or auxiliary aids for those needing such assistance. Upon request by individuals with special needs, the MPO will work with local resources to provide them with information in the format best suited for their request. Meeting facilities should be accessible to mobility impaired individuals and meetings should be scheduled at various times to accommodate various work schedules. Arrangements for assistance to people with any disability will be pursued.”*

BMMPO holds all of its public meetings, open houses, Technical Advisory Committee meetings, and Policy Board meetings in ADA-compliant facilities and in locations generally considered served by public transportation. Additionally, all public notices and meeting agendas contain contact information for individuals requesting reasonable accommodations to participate in any BMMPO meeting.

BMMPO does not own the building in which its offices are housed, but rather, rents the office space. The building is, however, ADA accessible, and provides parking and automatic doors for mobility impaired individuals, curb ramps, and an ADA accessible elevator to access BMMPO offices.

BMMPO’s Title VI and Non-Discrimination/ADA Plan provides additional resources for the request of reasonable accommodations by individuals with special needs. BMMPO is subject to the City of Bismarck’s ADA Transition Plan, and BMMPO’s Title VI and Non-Discrimination/ADA Plan identifies the ADA Coordinator, who is the City of Bismarck Human Resources Director, and provides information by which they may be contacted. It also provides methods for individuals to request reasonable accommodations, auxiliary aids, or services to ensure communications with applicants, participants, and members of the public with disabilities are as effective as communications with others. In addition, the complaint process includes revisions to ensure it is accessible by all individuals, and no individual will be discriminated against on the basis of disability.

Furthermore, BMMPO includes Appendix A and Appendix E of the Title VI Assurances, which contain language prohibiting discrimination of persons based on their disability, within each of the Request for Proposals (RFPs) and contracts for all studies solicited by BMMPO.

Finally, BMMPO’s Title VI and Non-Discrimination/ADA Plan is subject to an annual internal audit to ensure all activities and programs administered by

BMMPO comply with the requirements of Section 504 of the Rehabilitation Act of 1973.

Full documentation of Bismarck-Mandan Metropolitan Planning Organization's federal certification can be obtained by contacting Bismarck-Mandan Metropolitan Planning Organization at 701-355-1840, mpo@bismarcknd.gov, or by visiting in person at 221 N. 5th Street, Bismarck, ND 58506.

TRANSPORTATION PLANNING PROCESS SELF CERTIFICATION STATEMENT

The Bismarck-Mandan Metropolitan Planning Organization (BMMPO) hereby certifies that it is carrying out a continuing, cooperative, and comprehensive transportation planning process in accordance with the applicable requirements of:

1. 23 U.S.C. 134, 49 U.S.C. 5303, and 23 CFR Part 450;
2. In nonattainment and maintenance areas, sections 174 and 176(c) and (d) of the Clean Air Act, as amended (42 U.S.C. 7504, 7506(c) and (d)) and 40 CFR part 93;
3. Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 CFR part 21;
4. 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
5. Section 11101(e) of the IIJA (Pub. L. 117-58) and 49 CFR part 26 regarding the involvement of disadvantaged business enterprises in USDOT funded projects;
6. 23 CFR part 230, regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;
7. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR parts 27, 37, and 38;
8. The Older Americans Act, as amended (42 U.S.C. 6101), prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;
9. Section 324 of title 23 U.S.C. regarding the prohibition of discrimination based on gender; and
10. Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 CFR part 27 regarding discrimination against individuals with disabilities.
